### TALK ABOUT SURRENDER

Madrid Government Seems Undecided in the Matter

#### WASHINGTON HAS RECEIVED NO OFFICIAL NOTICE

Madrid, July 9—Special—There are signs that the government is undecided whether to instruct the military authorities at Santiago to yield or resist. The minister of war has received a message from Gen. Toral, stating that Shafter had sent another letter Thursday reiterating his demand for the surrender of the city and granting until noon Saturday for compliance, when if the town is not surrendered a bombardment by land and sea will begin. Toral says he will resist to the last extremity, but calls attention to the fact that his soldiers are short of provisions.

#### No Peace Proposals Received.

Washington, July 9—Special—Little notice is paid among officials here to the rumors of impending peace propositions from Spain. It is admitted that there is information of an increased agitation, but there has been as yet no action requiring official notice. The talk of peace has not had a tendency to the relaxing of effort for the vigorous prosecution of the war. Everything that can be done is being pushed with the utmost vigor, and if Spain sues for peace she will find the American army and navy in the pink of condition, as eager for fight as at any time since the declaration of war.

#### Germany Draws in Her Horns.

London, July 9—Special—The change in the attitude of Germany in the Philippines is causing satisfaction here, and is doubtless due to the course pursued by Great Britain. While she demanded, a few weeks ago, a full partnership with the United States in whatever the latter might gain in the Archipelago, it is now announced that she will be content with a single port, to be used as a coaling station. It is thought this much will be accorded her cheerfully.

#### No Change in Plan.

Washington, July 9—Special—Nothing has been received here to indicate that the plans agreed upon by Sampson and Shafter for the bombardment today will not be carried out. The time set was noon; and it is confidently expected the battle will begin on time unless the Spaniards surrender. By tonight it is expected our troops will have possession of the city.

#### Camara's Fleet Doomed.

Washington, July 9—Special—The news that Camara's fleet has been ordered back to Spain is welcomed by naval officials. Watson's squadron, which is to give battle to Camara, will be enlarged and sent soon to the Canaries, which will be seized. Then the squadron will go after Camara.

#### Weyler in Trouble.

Madrid, July 9—Special—Weyler will probably be placed under arrest soon. The minister of war has ordered an inquiry into his recent utterances regarding the operations in Cuba and the Philippines. He will be vigorously prosecuted by the government.

#### A Provisional Government.

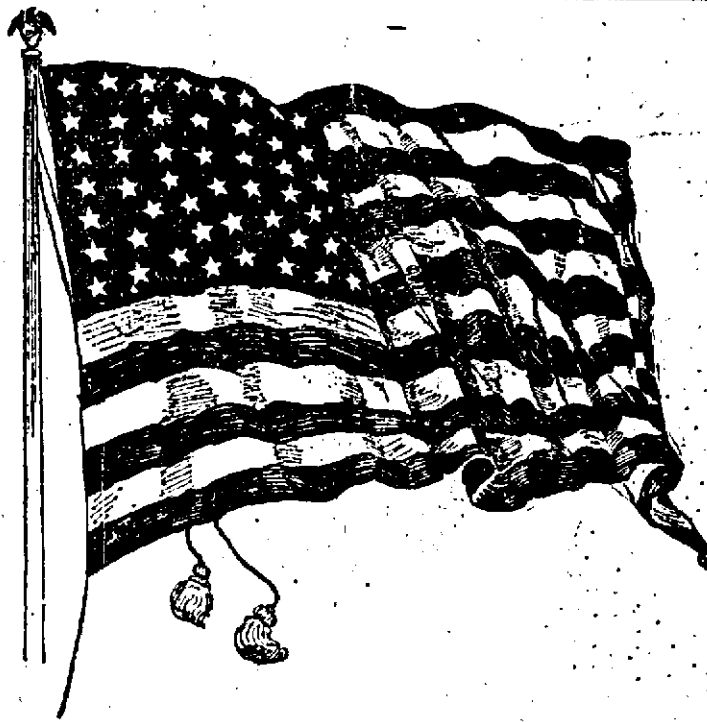

Siboney, July 9—Special—Refugees express themselves as satisfied with the turn affairs have taken. They are preparing for a government after the surrender, and have chosen Gen. Castillo, the insurgent leader, for governor of Santiago.

#### Unconditional Surrender.

Washington, July 9—Special—Gen. Shafter has cabled that Linares has offered to surrender under certain conditions. The president has directed that a reply be sent that the surrender must be unconditional.

#### Heavy Losses.

Havana, July 9—Special—The estimated Spanish losses in the fighting near Santiago are nine hundred killed and wounded out of a total of eighteen hundred engaged.

OLD GLORY, A FLAG WORTH DYING FOR.

### JUMPED FROM A TRAIN TO TAKE POSSESSION

Convict Clark Makes Good His Escape While Being Conveyed to Waupun.

Baraboo, Wis., July 9—[Special]—William Clark jumped from a passenger train running at a high speed last night to escape a sentence at Waupun. He was in charge of Sheriff George Toser, of Shell Lake. The prisoner went into the toilet room of the sleeper, bolted the door, opened the window and jumped out. A posse of officers is in pursuit.

### STARTED FOR FRANCE.

Survivors of the Bourgogne Wreck Now on Their Way Across the Atlantic.

New York, July 9—[Special]—The survivors of the crew and all the rescued stowaway passengers of the La Bourgogne sailed for Havre this morning on steamer La Touraine. The crew of the wrecked steamer will be in custody of the Admiralty court until there is a finding of some sort in regard to the wreck.

### A STEAMER BURNED.

Fire Destroys the Delaware off the New Jersey Coast—No Loss of Life.

New York, July 9—[Special]—The steamer Delaware was destroyed by fire off Cedar Creek, N. J., this morning. The passengers and crew were rescued.

### RAILROADS PAY BIG TAXES.

They Will be Large Contributors to Uncle Sam's Exchequer.

The most liberal of local contributors to the present war tax promises to be the Chicago & Northwestern and the Chicago, Milwaukee & St. Paul railroad companies.

Every freight receipt given for charges or bill of lading on freight received must contain a revenue stamp.

Several hundred of these receipts are given out here each month.

Of course revenue stamps will be used at the banks, but they must be paid for by persons giving checks or buying drafts.

The express and telegraph companies have a way of making their patrons pay for the revenue stamps used in the business. The telephone company on the other hand will settle with the government every month for the tax of 10 for every message exceeding 15 cents.

### BRODHEAD IS BADIY BEATEN.

Base Ball Boys Met Their Waterloo Here Yesterday Afternoon.

The Brodhead base ball club met its Waterloo at the hands of the Janesville Y. M. C. A. nine yesterday afternoon. It came to town, it saw, and it was conquered, and the boys went home convinced that they were no match for the Bower city lads.

The score was 17 to 1, and only eight innings were played, the visitors having had enough of the kind of medicine they were receiving. They struggled manfully throughout, but finally laid down their bats, convinced that the Janesville boys knew a trick or two that they could not comprehend.

There were some good plays on both sides, but the details would lack interest. The score by innings was as follows:

Janesville—3 8 0 0 3 2 1—17.  
Brodhead—1 0 0 0 0 0 0—1.

Plumie List.

On page 8 tonight will be found a list of goods and prices for picnic and camping use on the table. Your on the table program can be arranged for at Sanborn's.

QUICKMEAL gasoline stoves at Low Oil's.

Dignitaries Who Will Superintend the Annexation of the Hawaiian Islands.

Washington, July 9—[Special]—The president this morning announced the following appointments: Hawaiian commission: Senators Gullion, of Illinois; Morgan, of Alabama; Representative Hitt, of Illinois; Sanford Dole, of Honolulu, and W. F. Frear, of Honolulu.

### THE ODD FELLOWS' OUTING

Their Annual Picnic Promises to be the Out-Door Event of the Season.

The Odd Fellows' picnic at Crystal Springs Park on the 14th will doubtless be the out-door event of the season. The services of the Imperial band have been secured. That organization will parade through the principal streets in the forenoon. Boats for the park will leave their docks at 10, 11:30, 1, 2, 3, 4:30, 6, 7 and 8 o'clock.

At the park games of all sorts will be indulged in, a feature being a base ball game by amateurs, which will doubtless cause great sport.

Refreshments will be plentiful, and shelter from possible inclement weather will be ample, although it is hoped the weather will smile upon the gathering.

The picnic is an annual affair and in previous years has been patronized by our best citizens. This year promises to be no exception to the rule as the committee having the affair in charge have been unflinchingly in their efforts to provide entertainment for all.

### GOOD TRADE IN GASOLINE

Evanville Buys Seven Hundred Gallons of the Stuff Each Week.

Seven hundred gallons of gasoline is hauled each week overland from this city to Evanville. Ex-Alderman Stoddard, who is local agent for the Standard Oil Company, has the work in hand each week, which necessitates the making of two trips. During the present hot spell the start from this city is made at 1 o'clock in the morning so that the driver and team can avoid the heat of the day.

Evanville is considered an extra good town for the company, and although oil tanks have been placed there by Rockefeller and his men they have as yet failed to provide the Out Off City with gasoline tanks.

### STREET CAR BUSINESS GOOD.

Receipts of the Line Far in Excess of All Previous Years.

The Janesville street cars for the month of June, just passed, carried 20,000 passengers, each of whom paid five cents. Supt. Cummings says that he is proud of such a record, it being the largest single month's business in the road's history since he has been in charge. The business so far during the month of July is even above the first week's business of last month, and July promises to be a record breaker. The warm weather of late has had a tendency to influence many to ride, while on wet days the seating capacity of the cars is taxed. The Forest Park line shows a large gain in patronage.

### HOW PEOPLE MAY KEEP COOL.

Theme at Court Street Church Tomorrow Evening.

Rev. Walter A. Hall will preach the third sermon of his summer Sunday evening series tomorrow night. "Shall we be religious during the summer," and "How to spend your vacation," are the themes in this series already given. Many words of praise were spoken for both these sermons. Tomorrow evening Mr. Hall will speak on "How to Keep Cool." The person who can keep somewhat cool, both in body and spirit, when the mercury is in the nineties is truly enviable. A short service of sacred song will be given. In the morning the story of unfading interest "The Life of Christ," will be continued.

### SANTIAGO IS UNDER FIRE

Bombardment of the Town Began at Noon Today

#### AMERICANS OPEN A HEAVY FIRE FROM LAND AND SEA

Washington, July 9—Special—At seven minutes past twelve today Secretary Alger's private secretary announced positively that the bombardment of Santiago had begun at noon. The war department declared, however, that no such dispatch had been received, although there was no doubt that the bombardment had already commenced.

New York, July 9—Special—Dispatches from Washington say the confusion at the department headquarters is such that it is impossible to secure an official refutation or confirmation of the reported beginning of the bombardment.

New York, July 9—Special—The Mail and Express announces, on authority of one of Alger's aides, that the bombardment of Santiago has begun.

Santiago, July 9—Special—At noon the Spanish commander had not surrendered, and according to promise the American guns opened upon the city and its defences. The cannonading was furious all along the line, and the aim of the gunners effective. The Spanish forts and batteries responded vigorously for a time, but did little damage, their missiles falling wide of the mark. The American troops were well entrenched behind earthworks, and in the beginning of the engagement suffered little injury. The fleet is co-operating from outside the harbor, into which an entrance is about to be forced.

#### Gen. Miles' Mission.

Washington, July 9—Special—No one outside of highest officials can tell with certainty Gen. Miles' destination. It is announced that he is en route for Santiago. It is not believed that that is his ultimate place of action. He will doubtless pay Shafter a visit, but will not supersede him as that officer's conduct of the campaign has been satisfactory to the war department. After a brief stay at Santiago it is believed Miles will proceed to Porto Rico, there to direct operations against San Juan. He will not, however, take the field in person, but exercise a general supervision over all the operations of the army, both in Cuba and Porto Rico.

#### Spanish Privateers.

Washington, July 9—Special—The navy department is informed by members of congress of California and Washington in regard to the report of Spanish privateers on the Pacific coast. Ship owners and navigators are alarmed. The reports of skippers to Seattle and San Francisco are that they have seen the privateers at a distance, and danger to navigation exists.

#### The Army at Chattanooga.

Chattanooga, July 9—Special—The equipment of the entire army at Chickamauga is going forward rapidly. Transportation has been arranged for all troops as fast as needed.

#### An Unlikely Rumor.

London, July 9—Special—Rumors credited to Madrid that Sampson has ordered the evacuation of all Cuba under penalty of general bombardment are not credited here.

#### Watson Sails Tuesday.

Washington, July 9—Special—The navy department expects the eastern squadron under Watson to sail from the southern coast of Cuba for the coast of Spain on Tuesday.

#### Wounded Arrive.

Tampa, July 9—Special—Four transports carrying wounded soldiers and sailors have arrived here.

#### May Be Saved.

Washington July 9—Special—Sampson reports that the Vizcaya, Oquendo and Colon can be saved.

SUNDAY THEMES  
IN LOCAL PULPITSALL OF THE LOCAL PASTORS  
ARE NOT ON VACATIONS.

Attractive Subjects Are to be Presented At Tomorrow's Services—The President's Invitation to Thanksgiving is Accepted—No Lack of Entertaining and Instructive Sermons.

Some of the local divines have gone upon their summer vacations, and there is not, therefore, as wide a choice, in the matter of church attendance, for the people who are compelled by circumstances to remain at home during the heated term. Yet there are plenty of attractions remaining, and those seeking spiritual comfort and intellectual improvement need not lack for either. The announcements for tomorrow's services give promise of both entertainment and improvement. They are appended hereto:

First M. E. Church. J. B. Smith, pastor. Morning worship at 10:30 o'clock. Theme, "The Daily Dwelling." Evening service of one hour at 7:30 o'clock. Special music by the choir, and service of sacred song. The pastor is giving a series of short talks on "The Revelations of Jesus Christ to Men." Evening, "Their Savior." Sunday school at 12:00. Junior League at 3:30. Senior Epworth League at 6:15. Talk by H. A. Dow. People's class meets at 9:45 a. m.

Trinity Church—Fifth Sunday after Trinity. Holy communion 7:30 a. m. Matins 10 a. m. Second celebration and sermon 10:30 a. m. Sunday school 12 m. Evensong and sermon 7:30 p. m. In accordance with the proclamation of the president the 10:30 service will be a solemn act of thanksgiving to Almighty God for the late victory and a solemn Te Deum will be sung before the blessing.

Services at the Presbyterian church will be conducted by Rev. Dr. Brown, so long pastor of this church. The congregation, of sister churches, whose pastors are absent, are cordially invited to unite in today's worship, remembering especially our duties as citizens in accordance with the president's proclamation as a day of thanksgiving and praise.

First Church of Christ, Scientist—Services are held in Columbia hall, corner Jackson and Milwaukee streets. Sunday 10:30 a. m. Experience meeting Wednesday 7:45 p. m. Sunday topic, "Life." Sunday school immediately after morning service. All are welcome.

Christ Church, fifth Sunday after Trinity. Celebration of the holy communion, 8 a. m. Morning prayer, liturgy and sermon, 10:30 a. m. Sermon topic, "The President's Proclamation." Evening service 5 p. m.

St. Mary's Church—First mass, 8 a. m., second mass, 10:30 a. m.; evening devotion, 7:30 p. m.; Sunday school, 9 a. m. Rev. E. J. Roche, pastor.

St. Patrick's Church—First mass, 7:00 a. m.; second mass, 8:30 a. m.; third mass, 10:00 a. m.; evening devotion, 7:30 p. m. Rev. Eugene M. McGinnity, dean; Rev. J. J. Collins, assistant.

Bob Moore, of Lafayette, Ind., says that for constipation he has found DeWitt's Little Early Biscuits to be perfect. They never gripe. Try them for stomach and liver troubles. People's Drug Co., East Milwaukee street.

## WORK WILL BEGIN MONDAY

Northwestern's New Gravel Pits Will Be Opened at Once.

The Chicago & Northwestern railroad company will commence the work of getting their newly purchased gravel pits, on the Culver farm, north of this city, in readiness for excavating purposes next Monday morning. Contractor F. W. Ryan, of this city, has been awarded the contract for clearing the surface of all dirt. A dozen teams and men will be put to work, and it will not be long before the pits will be ready for the large steel shovels. It is the intention of the company to put many men to work within the next few days.

DOTTED GRENADINE DOWN FROM HARPER'S BAZAR

Some of the most expensive, as well as certain more simple. Imported costumes are made with hip yokes, either of embroidery insertion, or the material of the dress.

A dainty grenadine gown of rose pink wrought with black silk dots, over a drop skirt so faintly green as to be almost white, is made with a hip yoke of undulating form, to which is shirred a wide dounce that continues straight and full up the back, framed by the ruffled edges of the yoke at the top. An apron front is outlined by three graduated ruffles of coral satin ribbon that follows the curves of the yoke, while the yoke itself is bordered with three similar narrower frills. Another cluster of frillings edges the dounce at the foot.

The waist, whose long shirred sleeves of cream silk muslin are trimmed with tiny ruffles in the outer seam and at the wrist, has a collar, ette rolling from a muslin gimp, which is bordered with a deep lace headed by three narrow ruffles, while

a still narrower group is [around] the lower edge of the collar. A touch of character is given by bands of black velvet ribbon which cross the front diagonally, passing loosely over the folds of the blouse, and are finished by fluffy rosettes of the velvet graded in size, the lower one apparently attaching the narrow belt. Each bow has a tiny coral ornament as its centre. The proper cut of this gown can be obtained only from the cut paper pattern published by Harper's Bazar, where the gown appears.

The hat, in the favorite turban style, is draped with a puffy scarf of striped gauze in cream and shaded coral, which holds two jotted quills at one side.

Quantity of material for gown—Grenadine, 40 inches wide, 5 yards; silk muslin, 1 1/2 yards; velvet ribbon, 2 1/2 yards; satin ribbon for skirt ruffles, three widths, 15 yards each. Ribbon for yoke and collar, 10 yards; ribbon for collar and sleeves, 7 yards; lace for collar, 2 yards.

## ANIMAL SHOW A SUCCESS

Prof. Gentry's Dogs, Ponies and Monkeys Gave a Fine Performance

Prof. Gentry's trained animals gave an interesting entertainment last evening at the corner of Milwaukee avenue and Clarence street. The attendance was good and none of those present went away dissatisfied. All of the performers were dogs, ponies and monkeys and they acted their parts in a manner that might make human rivals turn green with envy. In fact, the animals seemed endowed with human intelligence.

Obedient to command they performed a variety of tricks hitherto regarded as impossible for animals. A dozen ponies executed a march with military precision and seemed proud of their achievement and grateful for the applause bestowed upon them. It would be impossible here to describe all the feats of the dogs. They climbed ladders, turned somersaults and indulged in other gymnastic feats utterly foreign to the dog nature and appeared in grotesque acts that apparently amused them as well as the audience. The monkeys were particularly agile and knowing and caused no end of merriment by their grotesque appearance and fantastic tricks. The children present were delighted, the grown folks were entertained and amused.

The performance will be repeated this afternoon and evening and good audiences are assured.

## BRIEFS FROM BELOIT

Work of the Reaper Death—Purchase by Electric Company—Great Paper Machines.

Beloit, Wis., July 9.—[Special]—Mrs. Frank Kilmer, of this city, died yesterday at her home on School street, over Blazer Brothers meat market. Her death was caused by strangulated hernia. A couple of days ago her case was found to be critical, and an operation was performed by a Milwaukee surgeon in the hopes of saving her life, but after the operation it was seen she could not recover, and after hours of intense suffering she passed away. Besides her husband she leaves several children, one a young girl and one a baby. Her death causes much sorrow in a wide circle of friends. The remains will be taken to Muscatine, Iowa, for burial today, leaving here at 3:25 p. m. Mrs. Kilmer came here with her husband three years ago, and they conducted a restaurant on Bridge street until about a week or so ago, when they moved to State street and then Mr. Kilmer sold out to the Steele Brothers. Mrs. Kilmer was a member of the Home Forum fraternal insurance order.

Mrs. Dora Carpenter, aged 32 years, wife of E. M. Carpenter, died yesterday at her home in the town of Turtla. The funeral will take place this afternoon at 1:30 o'clock, from the house.

The rain fall during the month of June is the largest monthly rain fall since the college began keeping the records in 1850, amounting to 9.00 inches. The average monthly fall is a little less than 3 inches. The largest previous fall was 9.27 inches in August, 1885.

The Beloit Electric Light & Power Company has bought the Old Rock River Paper Company's plant on the east side of the river, and will make of it a first class electric light and power plant. This is one of the largest real estate deals that has taken place in this city for some time. It means a good deal in a business way for the city, as the Electric Company will improve the property before occupying it and will expend something like \$25,000 in putting it into shape. The company intend to make their plant one of the most complete electric light and power plants in the northwest, and will invest all the money required to make it so.

The Beloit Iron Works have a paper machine under way of 20 dryers, 118 inches wide, that promises to make 500 running feet of print paper a minute. This machine is for the Northwest Paper Company, of Oshkosh, Minn. The Iron Works have made many large machines, some even wider than this, but never before one with a promised capacity of 500 feet a minute. When the company went into business not so many years ago, a paper machine that could turn out 200 feet of paper a minute was a good one, and when they brought out one that could turn out 400 feet, the paper world was astonished. They also have under construction a tissue machine for a Kaukauna mill. The dryer of this machine is 102 inches long and 78 inches in diameter, and weighs six and one-half tons. The casting of the great shell last week attracted a great deal of attention.

The consolidation of the American and United States express offices spoken of a little while ago, will take place next week. The American having the largest business, both offices will be conducted by the agent of the American, W. W. Riley.

Karl's Clover Root Tea is a pleasant laxative. Regulates the bowels, purifies the blood, clears the complexion. Easy to make and pleasant to take. 25 cents. People's Drug Co.

Teachers' Institute and Examinations The annual institute will be held in the High School room at Clinton, August 1-5, 1898. Prof. A. S. Hutton and Miss Cornelia Rogers, of the Whitewater Normal school, and Prof. H. C. Buell, of the Janesville High School will be conductors.

The fall examinations are appointed as follows:

Third grade branches: Afton, August 9-10; Milton Junction, August 15-16; Clinton, August 22-23.

Supplementary—All grades: Janesville, Oct. 31-25.

Stationery furnished. Examinations begin at 9 a. m.

## Great Distress

Stomach and Kidneys All Out of Order

Hands Itched and Swelled—Hood's Sarsaparilla Completely Cured.

"For a number of years I was troubled with my stomach. Nearly everything I ate would sour and I would belch it up. At times my stomach gave me great distress. Every winter my kidneys would trouble me and my back would get lame so I could not do anything, and at last my hands swelled and itched intensely. I thought I would try Hood's Sarsaparilla. I bought six bottles and began taking it. In a short time my stomach appeared to be all right and my back felt better. When I had taken four bottles my back was all right and my hands were smooth." ## OUR SOLDIER BOYS WANT READY MONEY

REQUIRE CASH IN PREFERENCE  
TO PRESENTS.

Local Soldiers' Aid Society Has Held a Meeting to Talk the Matter Over—Boys at Jacksonville Need Money Worse Than Anything Else—Merchants Will Contribute.

Local members of the Soldiers' Aid society have held a meeting in this city on Thursday afternoon, July 14, at 2 o'clock. The object of the meeting is to talk over and lay plans for the raising of money to be forwarded to members of Co. A, First Wisconsin Volunteers, who are now in Jacksonville. In numerous letters which have been received in this city of late from members of the Jacksonville company, it is quite evident that the boys are not well financially, and that their monthly allowance is only sufficient to last them a few days.

Money Only Is Needed. The citizens of Janesville have been most generous in sending the boys numerous presents, consisting of good things to eat as well as clothing and several hundred trinkets, but all these things the boys now claim they can get along just as well without if they only had a few dollars in their inside pockets. At Jacksonville and vicinity the attractions are numerous but to a soldier lad without the necessary cash they are a long way off. In a letter received by a First ward mother this morning her son expressed one wish and that was that the family would cease sending good things to eat and occasionally fold within their loving letters a five dollar bill. He said the soldier boy who had five dollars with him in Jacksonville was considered the whole thing.

The Need Is General. "There have been to many requests made to our society of late for ready money for the boys," said a prominent worker in the Soldiers' Aid society, "that we decided to call a meeting for the purpose of seeing what can be done in the matter of getting the cash. Merchants throughout the city with whom I have talked have all promised to lend us a helping hand. At Monroe and several of the other near-by towns' entertainments have been given, and neat sums of cash have been derived and forwarded to their boys at Jacksonville. Many of the men here who were not in favor of a Fourth of July celebration, have already volunteered us aid, and there is no reason why our society should not be able to raise a goodly sum for the worthy boys in blue."

The Soldiers' Aid society now has about twenty-five members, and their good work is fully appreciated by our boys.

The Finance Committee. At a special called meeting, Mayor Thoroughgood appointed the following committee, who will make a canvass of the city beginning the first of next week:

First ward—Miss Melissa Chittenden.  
Second ward—Mrs. O. F. Nowlan, treasurer.  
Third ward—Mrs. A. E. Rich.  
Fourth ward—Mrs. Frank Reynolds.  
Fifth ward—Mrs. James Walsh.

Those who donate are expected to agree to pay the sum set opposite their names at once and hereafter the same sum set on the first of each month beginning with August 1, 1898, the money thus pledged and collected to be sent to Capt. Chas. A. Hanson, captain of Co. A, First Regiment Wisconsin Volunteers, or to be retained by the Soldiers' Aid Society to be used as they think best in aiding the members of Co. A.

The pledges which are now made are to be and maintain in force during the time said Company A remains in active service or until said pledges are withdrawn in writing.

The said pledges are to be collected monthly by the committee of ladies appointed by Mayor Thoroughgood.

WILL KEEP EARLY HOURS. Express Office will Close to the Public at Seven O'clock.

Local residents who wish to send or receive packages by express will have to transact their business in the future before the seven o'clock hour in the evening. Now that the city of Janesville has but one express office it is the intention of the American and United States companies to keep earlier hours. This means that the local office will be found closed in the future at 7 o'clock sharp, commencing with next Monday evening.

CELEBRATE GOLDEN WEDDING

It takes three hours for Chicago evening papers to get to Janesville. It takes less than one second for the telegraph to cover that distance. The Janesville Gazette receives full press association dispatches, and the news is three hours later than that of Chicago and Milwaukee evening papers sold in this part of the state.

## TEMPLARS MAKING THEIR FINAL PLANS

GRAND CHIEF TEMPLAR CLARK  
ARRIVES HERE.

Have Rented Odd Fellows' Hall For Their Annual Meet in October—Four Hundred Delegates Are Expected to Be Here—Will Be Given Hearty Reception.

Grand Chief Templar W. H. Clark, of the state lodge Independent Order of Good Templars for the state of Wisconsin, arrived in the city this afternoon for the purpose of making arrangements for the Grand Lodge, which will be held in Janesville this year the first week in October. Mr. Clark was met at the depot by members of the local lodge and escorted to the city.

The Grand Lodge The session of the Grand Lodge will be called to order at 10 o'clock on Tuesday, Oct. 4. The meetings will take place in Odd Fellows' hall on North Main street which has recently been remodelled throughout. Aside from these plans nothing else of definite nature has been accomplished by those in charge and for the purpose of appointing committees and making the necessary hotel arrangements was what called Grand Chief Templar Clark to this city this afternoon. The coming of the Grand Lodge of Good Templars will mean much for Janesville for it is expected that at least four hundred delegates will be here for a week, coming from all sections of the state. Last year the meeting was held in Stevens Point, and the citizens of that thriving northern city were not slow in realizing the fact that they had a good thing in their midst. The merchants of the town decorated their places of business with the national colors, and flags were numerous on all sides.

Will Be Well Received. Janesville people should follow along these lines, and show the Good Templars of the Grand state that a hearty welcome awaits them here. District Chief Templar Caniff, of this city, stated it is morning that the guests portion of the coming delegates would stop at the leading hotels of the city. A reception for the visiting delegates is being talked of, and the occasion promises to be one of the most interesting in the history of the order.

## BILLIARD TABLES ARE TAXED

Uncle Sam Demands Five Dollars Apiece on Them.  
Local saloon keepers who operate billiard and pool tables in their places of business are anything but pleased over the idea of their having to pay a war revenue tax of five dollars on each table. In the neighborhood of \$75 went out of this city as the result of this table tax.  
L. L. Leffingwell paid the largest sum, which was \$20, on four tables. The owners of tables have to stand this expense, as the price of games remains the same.

## BEYOND THE CARES OF LIFE

Mrs. John Broderick. After an extended illness Mrs. John Broderick passed away yesterday afternoon at 3:30 o'clock at her home in this city. Deceased was a noble woman, loved and esteemed by all, and may will regret her departure. She leaves a brother in Monticello, Wis., and a brother-in-law, Patrick Butler, on Eastern avenue.  
The funeral will be held from St. Patrick's church Sunday afternoon at 2 o'clock and the interment will be in Mount Olivet cemetery.

Death of Louis Joseph Kock. Louis Joseph Kock, born July 7, 1808, died this morning at 7:30 o'clock. The funeral will be held from the residence of Mr. and Mrs. Philip Kock, tomorrow at 4:30 o'clock, and will be private. Burial will be in Mount Olivet cemetery.

## TWO STOMACHS

The Upper For the Proteids and the Lower For the Great Part Of the Food

It is an interesting study to observe how the digestion of food is accomplished. The greater part of vegetable food is starch and this is never digested in the stomach proper, nor is it affected by the pepsin in the upper stomach.  
Starch (a Carbo-hydrate) is passed out of the stomach into the duodenum or second stomach, and there treated by the pancreatic juices, when in time a microscopic fungi is grown from a part of the grain, if that has been eaten, and these elements with moisture, heat and time transforms the starch into grape-sugar, which is the first act of digestion.

The processes are duplicated in an artificial or mechanical way in the manufacture of Grape-Nut, the new breakfast food made by the Postum Cereal Co., Ltd., of Battle Creek, Mich.  
In this food one finds the delicate, sweet taste of grape-sugar and when eaten it will be found to quickly digest and fatten and strengthen the entire body.  
Its especial mission is to nourish and rebuild the brain and nerve centers.  
A certain definite feeling of strength and stamina comes to the individual after a few days' use of Grape-Nut at breakfast.  
Being a condensed food, one does not require more than 3 to 5 teaspoonfuls at a meal, which is worth considering from an economical standpoint.

## STAMPS ON REALTY TRANSFERS

Government Gets a Goodly Amount From This Source

As a result of the new war revenue tax the register of deeds' office in this city is beginning to take in its share of wealth for the benefit of Uncle Sam. The largest single chunk of revenue yet derived by the sale of land in Rock county comes as a result of the transfer of the Daniel Gower farm in the town of Rock, it requiring the sum of \$7.50 in stamps, which goes to the government. The seller stands this expense.

## MUST WAIT TWO MONTHS.

That Time Will be Required to Complete the New City Directory.

Work on the new city directory will require at least two months more. J. T. Farrell, who has the work in hand here, says that no work as yet has been done in the residence portion of the city, the men now being engaged in making a canvass of the business section. Extra men will soon be added, and the work of finding out the city's population will be rushed to completion. As yet no interesting figures can be obtained.

## TROOPS FOR MANILA PASS THROUGH HERE

FIRST NEW YORK VOLUNTEER  
REGIMENT.

Between Nine O'clock and Midnight This Evening Four Special Trains Will Arrive Here—Boys Should Be Given a Rousing Reception—Are All Manila Bound.

Some time between the hour of 9 o'clock and midnight tonight, 1,250 men and 40 officers will arrive in Janesville via the Chicago & Northwestern railroad.

These men are members of the First New York Volunteer regiment, who have been ordered to report in San Francisco for immediate transportation to Manila where they will join the forces now there under the command of Gen. Wesley Merritt.

Will Be Hurried Forward.

Local railroad officials were notified this morning to have all in readiness in the local yards for the reception of these men, who will arrive in four separate trains. Their stay in Janesville will be brief, and no time will be lost in sending the specials through to St. Paul on fast schedule time.

The trains will all leave Chicago at an early hour this evening, and are scheduled to arrive in San Francisco not later than three days from Chicago.

Many members of this well known regiment are young men who came from the first families of New York city, and not a few of them have left the best of homes and fortune behind for an uncertainty.

When to Expect Them

The C. & N. W. officials stated at a late hour this afternoon that in all probability the first train would arrive in the Bowler City in close connection with the St. Paul-Chicago vestibule, which is due here at 9:35.

## WORK IN AMBULANCE CORPS

It Is No Surety Though Better Than Some Army Duty

John Atkinson, former assistant of the local Y. M. C. A., written local friends from Jacksonville, Florida, giving an idea of what Uncle Sam expects him to do as a member of the regular hospital corps. Mr. Atkinson says that he is in charge of an ambulance wagon that is drawn by six mules of the Southern giant variety with ears a yard long. Each day he has to manage the wagon and drive the mules and care for them wherever duty calls him. He reports having recently the honor of carrying a noted officer in his wagon from one camp to the other. He says he likes the work.

## WAS BADLY HURT IN CHICAGO

Serious Accident to a Recently Divorced Janesville Woman.

Kittie Davis, a former Janesville girl, whose name was mentioned in The Gazette of last evening as securing a divorce from her husband, F. E. Mosher, a former local barber, is now ill in Chicago as the result of an accident. Word reached the city today that Miss Davis, while on her way to the south side of Chicago, was accidentally thrown from a car while alighting, and was dragged for a considerable distance before she was rescued. She is now confined to her bed. Her numerous friends will regret much her misfortune.

## END OF THE WAR CONGRESS.

Historic Session Closed at 2 p. m.  
Friday.

### CHIEF EXECUTIVE PRESENT.

President McKinley Assists in Expediting Work During the Closing Hours—Patriotic Enthusiasm Evincing by Congressmen—National Airs Sung.

Washington, July 9.—The war congress has adjourned and will not meet again until December, unless called in extraordinary session by the president. For prompt and united action on recommendations of the president in all matters relating to the war, it has been the most remarkable session of congress ever known. It has been a war congress in fact, and the first in the history of the government to be without a peace party to oppose war appropriations.

The closing of congress at 2 o'clock Friday afternoon was inspiring, as was its action on war bills. There was opposition to adjournment in the senate, but it subsided, and there were political bickerings in the house over unimportant measures, until the time for adjournment came. Then there were harmony and enthusiasm. The representatives sang "America" and "The Star-Spangled Banner," and they gave cheers for President McKinley, for the army and navy, for Speaker Reed, for Gen. Joe Wheeler, and for a reunited country.

President McKinley and his cabinet appeared at the capitol an hour before the time for adjournment and the president signified his readiness to work with congress until the last minute. He took his place at the table in the president's room and rapidly examined and signed the bills as they were passed and laid before him. He remained until the senate adjourned.

There was some expectation that the president would nominate his commissioners to recommend legislation concerning the Hawaiian islands, but he did not send the names to the senate.

President McKinley will not wait until the senate meets again to appoint his commissioners. He has about determined whom he will appoint, and he will name them at an early day, that they may visit Hawaii this summer and be ready to report at the meeting of congress in December. They will be recess appointments, and can be confirmed when the senate meets, either in extra session or in December. The commissioners will probably be Senators Cullom and Morgan and Representative Hitt. Those from Hawaii will be President Dole and Chief Justice Judd, of Honolulu.

The president also failed to appoint the Canadian boundary commission and the commissioner-general to the Paris exposition.

The last appointments sent to the senate by President McKinley were the following for the volunteer army:

Volunteer army—Brigadier-generals of volunteers to be major-generals: Hamilton S. Hawkins, Henry W. Lawton, Adna R. Chaffee, John C. Bates.

To be brigadier-generals: Col. Leonard Wood, First Regiment United States volunteer cavalry; Lieut.-Col. Chambers McKibbin, Twenty-first Infantry.

First Regiment volunteer cavalry—To be colonel: Lieut.-Col. Theodore Roosevelt, First Regiment United States volunteer cavalry.

These were all promotions for distinguished services on the field of battle. Brig.-Gen. Hawkins, Lawton, Chaffee and Bates are with Maj.-Gen. Shafter in front of Santiago, and they all were in the hottest part of the fight last Friday. For their services the president nominated them for major-generals and the senate promptly confirmed them.

### FEATURES OF LYTH CONGRESS.

Session Marked by War Measures Involving Millions of Dollars.

Washington, July 9.—The passing of the second session of the fifty-fifth congress marks the close of the first war congress in a quarter of a century. Hawaiian annexation, Spain and Cuba, war appropriations and war revenue legislation, organization of the vast volunteer army and expansion of the navy, a new bankruptcy law—all these were features of the session.

The total appropriations footed almost \$500,000,000, and upward of \$350,000,000 of this was for purely war purposes. It was the largest aggregate by any session since the civil war.

The declaration of war was passed by congress and approved April 25.

One feature of the session was the enactment of the war revenue law. Its framers expected it to produce \$150,000,000. Late in the session a general bankruptcy law was enacted, providing for voluntary and involuntary bankruptcy.

The Teller resolution declaration for payment of the national bonds in silver as well as gold was passed by the senate by a vote of 47 to 32, but was defeated in the house. Statehood bills for New Mexico, Arizona and Oklahoma were killed in committee. An immigration bill requiring ability to read and write on the part of those 16 years old passed the senate, but did not reach a vote in the house.

The free home amendment to the Indian appropriation bill, giving over 20,000,000 acres of public lands as free homes for settlers, was finally compromised on a two years' extension of payment for such lands.

Rain Hinders Advance. Cavite, Philippine Islands, July 4 (via Hong-Kong, July 11).—Floods in the country districts are hindering the advance of the army.

### SWEEPS AWAY A TOWN.

Steelville, Mo., Almost Demolished by an Early Morning Storm.

Steelville, Mo., July 9.—This village, the county seat of Crawford county, was almost obliterated by a waterspout at 3 o'clock Friday morning. Thirty-five buildings were wrecked and thirteen lives were lost, while the pecuniary loss will foot up \$200,000. The dead are, as far as known:

MRS. LOU TUCKER and child, St. Louis.

DAUGHTER OF CHARLES ADAMS, St. Louis.

MRS. JOHN WOODS and two children.

MRS. JAMES TAFT and three children.

MRS. WILLIAM SLOUGH.

LUTHER SLOUGH, of Steelville, and an unknown negro of Midland.

The search is still going forward, and it is believed that other bodies will be found, as there are a number reported missing.

The town is in a valley, the average width of which is but 300 yards, and through the center runs Yankins creek. The heavy rains of the last few days have made the creek a river. The storm increased in fury Thursday night and the creek rose rapidly and scores of residents of the town of 1,000 did not retire.

Watchers were out to report if there was any danger from the creek, and at 3 o'clock in the vivid flashes of lightning they saw what appeared to be a colling cloud reaching down and touching the stream. In a few minutes it was a terrific crash of thunder, followed by a roar. In the light of the flashes the watchers saw the odd cloud rent asunder. There was no time to give an alarm. The men shouted and warned as many as they could, but the wall of water swept along, carrying away everything in its path.

### NOT HURT BY WAR.

Dun's View of Business at the Close of the Fiscal Year.

New York, July 9.—R. G. Dun & Co.'s Weekly Review of Trade says:

"The usual half-yearly statement of failures by branches of business is peculiarly interesting because it shows that war and fears of war have not caused increase in commercial disasters. Failures during the second quarter have been smaller than in the same quarter of the last four years in trading, and in manufacturing smaller than in the same quarter of any year excepting 1894. The fiscal year has ended with financial results a shade beyond general expectations, and the new war tax begins to increase revenue, not seriously disturbing business in any line. No reason yet appears to apprehend that the war revenue will fall below expectations.

"Failures for the week have been 229 in the United States, against 206 last year, and 17 in Canada, against 34 last year."

### OBSERVE "PATRIOTIC DAY."

Christian Endeavorers at Nashville Unite in Special Celebration.

Nashville, Tenn., July 9.—Denominational rallies were held by the Christian Endeavorers in a number of churches Friday, and Dr. Chapman, of Pennsylvania, conducted a quiet hour service at the gospel tabernacle.

Afternoon and night sessions of the convention were held at Auditorium Endeavor and Hall Williston, where thousands of people listened to able addresses on topics of interest.

The chief feature today is the observance of "patriotic day," when addresses on "Our United Country" will be made by prominent speakers from the north and south. During the morning there will be excursions to points of interest in and near Nashville.

Will Helmburner the States.

Washington, July 9.—The last bill signed by President McKinley was one to reimburse the governors of the states and territories for expenses incurred by them in aiding the United States to raise and organize and supply and equip the volunteer army of the United States in the existing war with Spain. No specific amount is appropriated for the purpose, but the secretary of the treasury is directed to pay the reasonable costs, charges and expenses incurred by the governors for subsistence, clothing, supplies, equipments, pay and transportation of the men of their respective states or territories who were afterwards accepted into the volunteer army and appear on its muster rolls.

### Home Seekers' Extension.

The Chicago, Milwaukee & St. Paul R'y will sell home seekers' round trip excursion tickets, limited to 21 days for return trip, at half rate, plus \$2, on July 19, August 2 and 10, Sept. 6 and 20, and Oct. 4 and 18, to points on its own line in Iowa, Minnesota, North and South Dakota; also to points on other lines in Northern, Western and Southern States.

The Great Exposition at Omaha—Low Excursion Rates.

The Trans-Mississippi Exposition at Omaha opens June 1, and closes November 1. For the opening day the Chicago, Milwaukee & St. Paul Railway will sell round trip excursion tickets at half fare on May 31, good for return until and including June 6. Aside from above rate and date ordinary excursion tickets at a fare and a third for the round trip and good for 30 days will be on sale from June 1 to October 30, 1898. Special rates for military companies and for bands carrying their instruments.

ELASTIC STARCH

A Beautiful Present

FREE for a few months to all users of the celebrated ELASTIC STARCH, (Flat Iron Brand). To induce you to try this brand of starch, so that you may find out for yourself that all claims for its superiority and economy are true, the makers have had prepared, at great expense, a series of—

GAME PLAQUES

exact reproductions of the \$10,000 originals by Muville, which will be given you ABSOLUTELY FREE by your grocer on conditions named below. These Plaques are 40 inches in circumference, are free of any suggestion of advertising whatever, and will ornament the most elegant apartment. No manufacturing concern ever before gave away such valuable presents to its customers. They are not for sale at any price, and can be obtained only in the manner specified. The subjects are:

American Wild Ducks, American Pheasant, English Quail, English Snipe.

The birds are handsomely embossed and stand out natural as life. Each Plaque is bordered with a band of gold.

ELASTIC STARCH

has been the standard for 25 years:

TWENTY-TWO MILLION packages of this brand were sold last year. That's how good it is.

ASK YOUR DEALER to show you the plaques and tell you about Elastic Starch. Accept no substitute.

How To Get Them:

All purchasers of three 10 cent or six 5 cent packages of Elastic Starch (Flat Iron Brand), are entitled to receive from their grocer one of these beautiful Game Plaques free. The plaques will not be sent by mail. They can be obtained only from your grocer.

Every Grocer Keeps Elastic Starch. Do not delay. This offer is for a short time only.

## TO RAISE TERRAPIN.

COMMISSIONER TAVES' PLANS FOR INCREASING THE SUPPLY.

He Proposes to Inclose a Number of Female Terrapins in State Ponds — The Young to Be Hatched Out From the Eggs. Two Private Terrapin Ponds.

Crisfield, Md., built on oyster shells, is the seat of the terrapin trade of the Chesapeake and the home of State Fish Commissioner James C. Taves, who is preparing to put in operation a plan for restoring the supply of the toothsome diamond back. He is confident that the terrapin can be propagated with ease and surprising cheapness, and that with the aid of the state the supply may easily be maintained. The cause of the rapid decline in the quantity of terrapin is considered by the natives to be due to the destruction of the terrapin eggs. These are laid in high, sandy places, and scores of people patrol the sandy beaches daily in the season in search of them. They carry them off to be eaten as table luxuries, just as home eggs are. They are very rich and delicious. Commissioner Taves proposes, if he receives a sufficient appropriation to justify it, to inclose a number of females in a state pond or ponds and to hatch out young ones from the eggs. Terrapin begin laying about the middle of May, and the eggs hatch in about 30 days. The female terrapin scratches a hole in the sand, deposits her eggs, from 12 to 18, in it, and then covers them up and allows the heat of the sun on the sand to hatch them.

They are not much bigger when hatched than a man's thumb nail and are as soft as dough. They crawl around in a lively way and begin to hunt for their food, which consists of small fish, crabs, etc. In the first summer they are quite small, and about Nov. 1 they go into their winter quarters. These consist of soft mud holes in the marsh, or on the bottom of some stream. Here they sleep until about the middle of April or later, and when they come out they are about four inches in length. The next year they have increased to six inches, and the third to seven inches. Commissioner Taves thinks that there are several varieties on the coast, but that in south of the southern states they have precisely the same variety as in Maryland, the only difference being that in this state the period of hibernating is longer than it is further south.

Commissioner Taves is of the opinion that he could make a decided impression upon the terrapin supply in a short time. He would do this, not because the terrapin is a luxury, but because it is used to be and can again become a source of great profit to those who catch it upon the great marshes of the Chesapeake bay and its tributaries.

A. T. Lavallo of Crisfield has an immense terrapin pond, which is securely fenced in so as to prevent the escape of the high priced inmates. He has at present about 10,000 terrapin, most of which, however, are now in the winter sleep, not in the pond, but in a big cellar. This is kept dark and above the freezing point, but not too warm. The dealers here have an immense trade in terrapin in Washington, Baltimore, Philadelphia and New York. They received one order for \$3,000 worth of terrapin on the occasion of the visit of Li Hung Chang to New York, and they supplied the terrapin for the Bradley Martin ball. They also make large shipments to the west.

The terrapin shippers are opposed to the bill now pending in the legislature. By its provisions the catching of diamond back terrapin between April 1 and Nov. 1 is prohibited, under a penalty of \$10 for every terrapin caught, trapped or killed. At no time shall the terrapin caught measure less than five inches on the undershell. No person shall have in his possession, expose for sale or buy any of the aforesaid fish during the closed season.

George Riggins, another large dealer, who has a pond containing between 8,000 and 10,000 terrapin, says: "The bill will have the tendency to destroy our business and throw the trade of Maryland dealers into the hands of Virginians, while at the same time it will retard instead of promoting the propagation of terrapin. The terrapin will be caught just the same, and instead of being sold to legitimate dealers who would place them in ponds where they might grow and fatten they will be kept in barrels and boxes until the season opens, when they will be placed upon the market in a bad condition."

"There is a great misapprehension among the majority of people as to the actual age of a terrapin which measures eight inches on top under shell. Our firm was greatly mistaken in the same fact when we started to raise terrapins from eggs. We have reached the conclusion from actual experience that an eight inch terrapin must be about 50 years old. If terrapin would grow about an inch every year, there would be a fortune in raising them. Their growth for the first three or four years is rapid, but after that it is almost imperceptible from year to year. We have been at a great deal of expense in fitting up our pond and have endeavored to develop the terrapin industry. The law also provides that the destruction of diamond back terrapin eggs is absolutely prohibited, the penalty for violating this provision being not less than \$25 nor more than \$100 for each offense. It seems to us that the best way to prohibit the destruction of terrapin eggs is for the state to offer a good price for them and let them be hatched out in the hatcheries of the state. After the young terrapin have reached a certain age they can be liberated without danger of their being destroyed. There would be no inducement to catchers to use the eggs for food if they were assured of a good price from the fish commissioners."—New York Tribune.

## HOBSON TELLS HIS STORY.

How the Merrimac Was Sunk in the Harbor at Santiago.

New York, July 9.—A dispatch to the Herald from off Santiago, Cuba, says: Your correspondent saw Hobson after he had made his report to Admiral Sampson and he consented to give a fuller interview about his experiences. He spoke in glowing terms of the courage and bravery of his crew.

"We have been thirty-three days in a Spanish prison," said Hobson, "and the more I think about it the more marvelous it seems that we are alive. It was about 3 o'clock in the morning when the Merrimac entered the narrow channel and steamed in under the guns of Morro castle. The stillness of death prevailed. It was so dark that we could scarcely see the headland. We had planned to drop our starboard anchor at a certain point to the right of the channel, reverse our engines and then swing the Merrimac around, sinking her directly across the channel."

"This plan was adhered to, but circumstances rendered its execution impossible. When the Merrimac poked her nose into the channel our troubles commenced. The deadly silence was broken by the wash of a small boat approaching us from the shore. I made her out to be a picket boat."

"She ran close up under the stern of the Merrimac and fired several shots from what seemed to be three-pounder guns. The Merrimac's rudder was carried away by this fire. This is why the collier was not sunk across the channel. We did not discover the loss of the rudder until Murphy cast anchor. We then found that the Merrimac would not answer to the helm, and were compelled to make the best of the situation."

"The run up the channel was very exciting. The picket boat had given the alarm and in a moment the guns of the Vizcaya, the Almirante Oquendo and the shore batteries were turned upon us. Submarine mines and torpedoes were also exploded about us, adding to the excitement. The mines did no damage, although we could hear rumbling and could feel the ship tremble. "We were running without lights, and only the darkness saved us from utter destruction. When the ship was in the desired position and we found that the rudder was gone I called the men on deck. While they were launching the catamaran I touched off the explosives."

"At the same moment two torpedoes fired by the Reina Mercedes struck the Merrimac amidships. I can not say whether our own explosives or the Spanish torpedoes did the work, but the Merrimac was lifted out of the water and almost rent asunder."

"As she settled down we scrambled overboard and cut away the catamaran. A great cheer went up from the forts and warships as the hull of the collier foundered, the Spaniards thinking the Merrimac was an American warship."

"We attempted to get out of the harbor on the catamaran, but a strong tide was running and daylight found us still struggling in the water. Then for the first time the Spaniards saw us and a boat from the Reina Mercedes picked us up. It then was shortly after 5 o'clock in the morning and we had been in the water more than an hour. We were taken ashore by the Reina Mercedes and later were sent to Morro castle."

"In Morro we were confined in cells at the inner side of the fortress and were there the first day the squadron bombarded Morro. I could only hear the whistling of shells and the noise they made when they struck, but I judged from the conversation of the guards that the shells did considerable damage."

"After the bombardment Mr. Ramsden, the British consul, protested, and we were removed to the hospital. There I was separated from the other men and could see them only by special permission. Montague and Kelly fell ill two weeks ago, suffering from malaria, and I was permitted to visit them twice."

"Mr. Ramsden was very kind to us and demanded that Montague and Kelly be removed to better quarters in the hospital. This was done."

"As for myself, there is little to say. The Spanish were not disposed to do much for the comfort of any of the prisoners at first, but after our army had taken some of their men prisoners their treatment was better. Food is scarce in the city and I was told that we fared better than the Spanish soldiers."

Hon. C. B. Bush, president of the Gilmer County (W. Va.) Court, says that he has had three cases of flux in his family, during the past summer, which he cured in less than a week with Chamberlain's Colic, Cholera and Diarrhoea Remedy. Mr. Bush also states, "but in some instances there were twenty hemorrhages a day—Glenville, W. Va., Pathfinder. This remedy has been used in nine epidemics of flux and one of cholera, with perfect success. It can always be depended upon for howel complaint, even in the most severe forms. ## SURVIVORS IN NEW YORK.

La Bourgoigne Passengers and Seamen Arrive.

New York, July 11.—Twelve second-class passengers, forty-five from the steerage and 107 members of the crew, all that survive of the 714 souls on board the French liner La Bourgoigne when she was sunk in collision off Nova Scotia last Monday morning by the British ship Cronautyshire, arrived here Friday afternoon from Boston. The passengers reiterate the sensational charges of cruelty against the crew and some of them give stories of personal experience which for horror are unequalled in the history of the merchant marine.

Friends of the lost passengers in this city are loud in their expressions of indignation at the alleged doings of the crew, and it is possible the whole story of the wreck, with all its attendant horrors, may be aired in the courts. It is asserted that a movement is on foot to secure the arrest of some, if not all, of the surviving seamen, and it is hinted that warrants to this end will be asked for at once.

For a National University. Washington, July 9.—One of the most important matters of the national education convention so far is the movement to establish a national university at Washington. President A. R. Taylor of the National Council of Education and head of the normal school at Emporia, Kan., will appoint in October a committee of fifteen to report upon the scope, aim, and founding of a national university. It is proposed that the university be founded by act of congress and supported by the government. It will be a post-graduate institution, largely supplementing the work of other institutions. It would offer peculiar advantages for the study of American history, ethnology, and physiography.

Blanco Favors a Fight. Madrid, July 9.—According to a dispatch received here from Havana Capt. Gen. Blanco openly urges the continuation of the war. The newspapers of this city say the moment has not arrived to seek for peace. The refusal of the Cuban cable companies to transmit dispatches franked by the Spanish government is attributed by the Spaniards to the orders of the British government.

Maier Defeats Joe Goddard. New York, July 9.—Until nature stopped the proceedings Joe Goddard put up a wonderfully game fight against Peter Maier at the Lenox Athletic club last night. Beaten about the head and eyes until he could scarcely see, and pounded on the body until it was a hard matter to breathe, Goddard voluntarily quit in the eighth round, five seconds before the time was up.

Will Send Troops to Hawaii. Washington, July 9.—At the cabinet meeting Friday it was decided to dispatch a regiment of troops to Honolulu immediately. The commandant at the Presidio, Cal., has been asked what forces are available at that post.

## DEATH OF DR. HERZ

The death of Dr. Cornelius Herz recalls the great Panama canal scandal in which the doctor figured. He stood very high in scientific circles as an electrician and physicist. Although born in France of French parents, he was educated at New York and at the age of 10 years served in the United States army. In 1893, while in England, Dr. Herz was arrested under extra proceedings on a warrant from the French government, charging him with fraud and embezzlement growing out of the Panama canal scandal. Confined to his bed by illness, Dr. Herz was unable to appear in court and the case continued for four years. The British government came to his relief then and he was released from custody. All of his property and that of his wife had meantime been confiscated by the French government. He demanded that the state department at Washington should prefer a claim against the French government for \$5,000,000 damages, which sum is said to be far less than the total property loss Dr. Herz suffered during the four years the French government was prosecuting him. Dr. Herz was a resident of Chicago in the latter part of 1871.

## WORK FOR VESUVIUS.

There will be work for the Vesuvius to do in the bombardment of Hantigo, and the devastation wrought by her dynamite guns will be extensive. This vessel is the only one of the kind ever built. She has three fifteen-inch tubes, fifty-four feet long, built into the ship at an angle of thirty degrees, extending through two decks and leaving fifteen feet above the deck. A section of each tube slide down on a ball and socket joint, and into this is put a package of 200 pounds of dynamite or gun-cotton; then this section is raised into position and the charge is fired by compressed air. The extreme range is about three miles, and the effective range about a mile and a half. It is exceedingly difficult to get the range and adjust the propulsive force, for the tubes cannot be moved. The guns cannot be effective in shooting at a single object, but in bombarding a city the vessel will doubtless be more effective than any man-of-war in the fleet.

## Waupeca Post—The prompt action

of Governor Scofield in sending the state militia to Oshkosh was undoubtedly the cause of averting the destruction of property and the possible loss

## of life. When local authorities cannot

cope with strikers, it is necessary that the troops should be called out. Men have a right to stop work at any time they please; they have no right to say to other men "You shall not work," nor have they any right to destroy the property of their former employers, just because they will not accede to the demands made upon them by the men. Wisconsin is fortunate in having a governor who did not hesitate to do his duty. In this regard, as in many others, Governor Scofield is [not unlike the late Governor Rusk.

## REPUBLICAN STATE CONVENTION.

Headquarters Republican State Central Committee, Milwaukee, June 15.  
To the Republican Electors of Wisconsin:  
By direction of the State Central committee, a convention of the republican electors of the state of Wisconsin will be held in the city of Milwaukee on Wednesday, the 17th day of August, 1898, at 12 o'clock noon, for the purpose of nominating a republican state ticket to be voted for at the general election in November next, and to transact such other business as may properly come before the convention.

The republican electors of Wisconsin are cordially invited to unite under this call in sending delegates to said state convention.

In accordance with resolution recommended by the state convention and formally adopted by the State Central committee, in electing delegates to the state convention, in counties having more than one assembly district, except Milwaukee county, the unit basis shall be the assembly district, and in such counties delegates shall be elected by assembly district conventions, and the names of the delegates so elected shall be certified to the State Central committee by the chairman and secretary thereof; in all other cases delegates shall be elected by county conventions.

Under the present basis of representation the several assembly districts in the state are entitled to one delegate for every two hundred and fifty (250) republican votes, or major part thereof, cast at the last preceding presidential election.

Special attention is hereby called to the fact that all conventions to elect delegates to the state convention must be called on a notice of not less than four weeks; all town or ward caucuses as primaries to state convention on a notice of not less than ten days, and that notice of the meeting of such convention or caucus shall be given in the usual manner.

As the State Central committee acts as the Committee on Credentials, it is requested that credentials of delegates elected, duly certified to by chairman and secretary of county or assembly district conventions, be forwarded to the secretary at Republican State Central Committee headquarters in Milwaukee, immediately upon their election; in every case giving the names in full and postoffice address.

EDWIN D. COE, Chairman.

JOHN M. EWING, Secretary.

Rock county will be entitled to 23 delegates, distributed among the assembly districts as follows: First district, 9; Second district, 11; Third district, 13.

A consignment of pianos and organs have been sent to the Klondike, and the starving miners will soon be in a position to keep warm by dancing to the inevitable rag-time melody.

Yonson, "the terrible Turk," champion wrestler of the world, went down with the Bourgogne, while on his way home to live in ease on the proceeds of his American trip.

Your Uncle Samuel has not been so backward after all when you stop to consider the fact that the American navy has been practically built since 1893.

General Miles has left for Cuba to relieve General Shafter, who is sick. General Shafter has done good work and is entitled to a brief respite.

The fiscal year just closed is one of the most successful the country has ever known. A wise republican administration is responsible.

General Shafter denies that the Cubans have treated prisoners cruelly. The Spaniards have a monopoly of that kind of business.

The American troops have been agreeably disappointed in the climate of eastern Cuba. Cool breezes sweep the island all day.

The state of Texas is about 75,000 square miles larger in area than Spain and her people are better in the same proportion.

The Spaniards, however, can hardly expect the Cubans to serve them with ice cream and cake after they are taken prisoners.

Some new kind of punishment should be invented for the sailors of the Bourgogne.

When it came to wrestling with old Col. Neptune, "the terrible Turk" had to give up.

SCOTCH LIKE THE CIRCUS  
American Showmen Have a Great Reception in Scottish Towns.  
In a letter just received by Mrs. B. N. Windish, of this city, from her son, who is now traveling in England with the Barnum-Balley circus, he states that the show is playing in each town to crowded houses, and that they are gaining money. They have just visited many towns in Scotland, he says, and from all accounts the showmen seem to think that the Scotch and their country are perfection. In Glasgow they were treated royally by all.

## STATE FAIR PREMIUM LIST

It is Now Out and an Excellent Exhibition is Expected.

John M. True, of the State Board of Agriculture, was in Milwaukee Friday and in company with Receivers Cox and Hopkins, made an examination of the conditions existing at State Fair park. After a critical examination of the premises they made an estimate that the repairs necessary to fitting the grounds up for the state fair would cost between \$3,000 and \$5,000. The soldiers took possession of the park when the weather was raw and rainy, and they appropriated all the interior woodwork in several of the buildings for the purpose of building fire, etc. All the shelving in the Agricultural and Horticultural buildings has disappeared, and the pens in the sheep and hog sheds were also taken to make flooring for tents.

"We have no unfavorable comment to offer," said Mr. Hopkins. "The boys were rushed into the camp and were obliged to make use of the material at hand to be comfortable."

President True said the prospects for holding one of the best fairs ever held in the state were favorable. "We have our premium lists out," he added, "and we have provided a farmers' class in every department, so that the fair will not be entirely given to outside stock raising associations. We are looking about for special features, and Superintendent C. G. Wilcox of the speed department is in the east watching for fast horses to appear on the track during the week. We have a great advantage this year from the fact that ours will be the only state fair that will be in progress during the week from September 19 to 23, with the exception of Kansas, which is far enough away not to interfere."

"We snail out down the list of free admissions materially, and will run the fair on strictly business principles. The old life members will have to pay to get inside the gate. We shall charge 50 cents for general admission, 25 cents for children, and 50 cents for each occupant of a carriage."

## GIVE THE AGENTS TROUBLE

Relatives of People On the Way to Europe Anxious About Them

The sinking of the French liner La Bourgogne has caused no end of anxiety in this city among the families here who now have relatives on the way across the Atlantic. Thirteen have left Janesville within the past two weeks for European ports.

Several anxious relatives here called on local steamboat agents yesterday and asked all kinds of foolish questions, when they knew that their loved ones had not taken passage on the ill-fated French liner.

One Janesville lady sent three telegrams to New York yesterday to ascertain if the company had not heard whether or not her friends had arrived safe in England.

## Class in Physical Culture a Go.

Prof. P. J. PITTS,

who came to this city only a few days ago, trying to organize a class in physical culture has met with good success; he has nearly the required number to start with, a good many of whom are business and professional men have promised to join. Prof. Pitts comes well recommended from some of the largest cities in the country. He mainly teaches respiration exercise, boxing, fencing, club swinging, bag punching and dumb bell exercise. His charges are reasonable and he guarantees perfect satisfaction. As soon as the required number is gotten up he will get some good hall centrally located and open up, etc.

## LATE NEWS BY TELEGRAPH.

## WILL FIRE ON SANTIAGO.

Gen. Shafter to Demand Unconditional Surrender.

## TIME WAS FIXED FOR NOON.

Formal Notice Has Been Served Upon the Spanish Commander That Bombardment Will Follow a Refusal to Deliver Up the Town.

Washington, July 11.—Gen. Shafter has demanded the unconditional capitulation of Santiago, and given the requisite twenty-four hours' formal notice that he will open fire upon the city at noon today. He cabled this information to the war department yesterday, together with a brief statement of the concerted operations which had been agreed upon between Admiral Sampson and himself at their latest conference. The navy's part in the affair is precisely that suggested to Admiral Sampson after the war council at the white house, when it was decided that Sampson would not be warranted in taking the extreme risks involved in an attempt to enter Santiago harbor so long as its electrical mines could be set off from hidden points along the shore, and after the artillery experts of the army and navy had expressed conviction that projectiles from the great guns of the American battleships and armored cruisers could readily be thrown into the besieged city.

Confidence is felt that the range of Santiago will be quickly determined with the assistance of the army signal corps stationed on the heights, and that the town will be untenable for the Spaniards as soon as the half-ton projectiles commence to explode among its buildings.

Gen. Shafter says the condition of his troops is much improved, and that they are in fine condition for an assault. Five days' rations and an ample supply of ammunition for any contingency has been brought to the front and distributed, and while the men have been compelled to keep out of sight of the enemy during the daytime, the position has been greatly strengthened between sunset and sunrise. A number of the heavy siege guns have finally been brought up from Balquid and mounted in unassailable positions commanding the city and the enemy's lines.

Gen. Randolph's brigade, with six batteries of regulars and 3,500 men, including the First Illinois regiment and the District of Columbia volunteers, landed last night and will be hurried forward as fresh reinforcements.

## SHAFTER'S REPORT ON LOSSES.

Incomplete Returns Show Hundreds Killed or Wounded at Santiago.

Washington, July 9.—The war department has received from Gen. Shafter the following dispatch giving casualties as a result of the recent fighting: "Playa del Este, July 7 (in camp near Santiago, July 6).—Impossible so far to get returns, but there has been treated in the hospital at Siboney 1,052 wounded, and there are still 200 in the hospital here.

"In Lawton's division—Killed: Four officers and 74 men. Wounded: Fourteen officers and 317 men. Missing: One man.

"In Kent's division—Killed: Twelve officers and 87 men. Wounded: Thirty-six officers and 562 men. Missing: Sixty-two men.

"In Bates' brigade—Killed: Four men. Wounded: Two officers and 26 men. Missing: Five men.

"Signal corps—Killed: One man. Wounded: One man.

"Gen. Wheeler's report not yet received."

## TO STRENGTHEN BLOCKADE.

Government Decides Immediately to Tighten the Cords About Havana.

Washington, July 9.—A more stringent enforcement of the Cuban blockade, especially around Havana and places on the south coast that have railroad communication with Havana, will be instituted by the government immediately. There has not been any blockade running that the government knows of, but with the release of so many American vessels from Santiago, now that Cervera's fleet has been destroyed, the president and his advisers believe that it will be well to strengthen the blockade.

The main reason for this decision is that the tightening of the cord around Havana will make conditions in that place so unbearable that Blanco will be likely to change his mind about holding out until the town is taken by assault.

## Isabella May Become Regent.

London, July 9.—The Daily News prints a letter from Madrid declaring that the Infanta Isabella is actively humoring the army. It is supposed she is preparing to assume the regency, the queen regent's assent thereto being given, for the reason that the Infanta being a Spaniard she could better sign a treaty of peace than the present queen, whose unpopularity because she is a foreigner continues. Gen. Campos is suspected of coquetting with the army, but whether for himself or Don Carlos is not said. Don Carlos is expected on the scene as soon as peace is restored.

## Camara Going Back.

Cairo, Egypt, July 9.—Admiral Camara, the commander of the Spanish fleet, which was bound for the Philis-

lines and "which" recently passed through the Suez canal, has informed the Egyptian government that he has been ordered to return to Spain. Therefore his ships will go through the canal immediately and will proceed westward. The Spanish warships will now be allowed to coal, as they are returning home.

## To Raise the Wrecked Ships.

Washington, July 9.—Notwithstanding reports that the Cristobal Colon would become a total wreck, the navy department has forwarded the contract to the Merritt Chapman Wrecking Company in New York for signature. The wrecking tug I. G. Merritt has left Norfolk for Santiago. The contractors are to receive \$800 a day for every day from the time of the departure of their vessels from Norfolk, and if they succeed in raising any of the ships a bonus will be paid. No bonus will be given, however, unless the wreck is delivered to the government at Norfolk.

## Orders to Watson to Stand.

Washington, July 9.—The agents of the government abroad have sent word that Camara's fleet had re-entered the Suez canal and would return to Spain. This action of the Spanish government, evidently taken in the hope that it will cause the United States to alter their determination to send Commodore Watson's squadron to the coast of Spain, will not have the effect intended. Watson will proceed to carry out his instructions, which are primarily to seek and capture or destroy Camara's fleet.

## Gen. Pando Not at Santiago.

Siboney, July 7 (via Port Antonio, July 9).—In spite of all stories to the contrary, Gen. Pando is not in the city. He is at Manzanillo with his entire force. The only reinforcements that have arrived since the American army landed were two bodies of 1,000 men each, who went before the city was surrounded. The only chance the Spaniards now have to get in or out is along the coast, and the fleet is watching as closely as the army to prevent soldiers entering or leaving the city.

## Plan Freedom for Rivera.

New York, July 11.—The Cuban junta has suggested that one of our captured Spanish officers be exchanged for Maj.-Gen. Rina Rivera, who is now a prisoner at Barcelona. Rivera succeeded to the command of Gen. Maceo in the province of Pinar del Rio, and was captured in 1896. As he speaks English perfectly, and is a Porto Rican by birth, it is suggested that he would be of great assistance to the government in a Porto Rican campaign.

## French View of the Annexation.

Paris, July 9.—The Temps referring to the annexation of Hawaii by the United States, says: "It is impossible to ignore the creation of a daily increasing current in America bearing that country in the direction of a policy of territorial aggrandizement and foreign conquests, which is a departure from all its national traditions."

## Ninth Illinois Soon Ready.

Springfield, Ill., July 9.—The Ninth regiment has 1,207 men in camp. This is a little below the standard, but the few that are lacking will be secured without difficulty. L and M are the only companies not yet mustered in, and they will be today. The entire regiment will be equipped and ready for orders Monday.

## Eleven Lighters Are Lost.

Washington, July 9.—The war department was advised that during a severe storm off the coast of Cuba eleven lighters en route to Santiago in tow of tugs were swamped and lost. So far as known no lives were taken.

## Gen. Miles Reaches Charleston.

Charleston, N. C., July 9.—Maj.-Gen. Miles arrived here Friday. It is not known when he will embark, but it will probably be some time today.

## MORE PEACE TALK HEARD.

Spain Said to Have Made Informal Overtures.

## AMBASSADOR HAY NOTIFIED.

Unofficial Note Forwarded to London by the British Representative at Madrid—Terms Upon Which Premier Sagasta Would Conclude Peace.

London, July 9.—Spain's informal overtures for peace have been made through Sir Henry Drummond-Wolff, the British ambassador at Madrid, into whose hands American interests in Spain were intrusted by United States Minister Woodford just prior to his departure from that country. The British ambassador forwarded the unofficial note to the foreign office here, and the British officials communicated it to Col. John Hay, the American ambassador to Great Britain. Official denials are already forthcoming from Washington and Madrid. Nevertheless, the facts are as stated above, though the denials are technically correct.

It is quite true that Spain has not yet officially begged for peace, nor will she do so until she learns whether the available terms will be such as she can accept without making a domestic revolution inevitable.

The reply of the United States to Spain's inquiries has not yet reached Madrid, so far as can be learned. Certain diplomats in Madrid describe the following as the terms which would be acceptable to Spain: Cuba to be independent, but to pay to Spain an indemnity for several years, Spain to keep a minor Cuban port until this indemnity shall have been paid; the great powers to be authorized to send small detachments of troops to certain Cuban ports; the Philippine Islands to be independent, and the United States to occupy Porto Rico as security for the payment of a war indemnity, the amount of which shall be negotiated.

These terms are so ingenious that they may be treated as merely a minimum of what Spain expects will be demanded of her.

## Opposed by Madrid Cabinet.

Rome, July 9.—Italy says that negotiations have been opened among the European powers with a view of arranging peace. The best intentions, the paper asserts, are manifested at Washington, but the Madrid cabinet strongly opposes any idea of peace.

## Says Spain Would Yield.

New York, July 9.—A special telegram from Rome to the Evening Journal quotes the Spanish ambassador to Italy as having said to the correspondent of the paper named: "If all the powers invite Spain to conclude a peace Spain will yield."

## Diphtheria Relieved in twenty minutes.

Almost miraculous. Dr. Thomas' Electric Oil. At any drug store. What's the secret of happy, vigorous health? Simply keeping the bowels, the stomach, the liver and kidneys strong and active. Burdock Blood Bitters does it.

Bile is a terrible torment to the little folks, and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure: At any drug store, 50 cents.

A little life may be sacrificed to an hour's delay. Cholera infantum, dypentery, diarrhoea come suddenly. Only safe plan is to have Dr. Fowler's Extract of Wild Strawberry always on hand.

## Monona Lake Assembly at Madison.

For the ever-popular Monona Lake Assembly at Madison the Chicago, Milwaukee & St. Paul Ry. will sell round trip excursion tickets on July 18th to 20th, good for return until July 30th. All trains stop on assembly grounds. Rate, a fare and a third.

Amos, Va. Virginia, rode forty miles to Fairfax Station, for the express purpose of getting Chamberlain's Cough Remedy and took home with him a dozen bottles of the medicine. The druggist who relates the incident adds: "Your remedy seems to be a general favorite wherever known."

Its effects are indeed wonderful in all lung and throat troubles. Procure a bottle at Peoples Drug Store, E. Milwaukee St.

## Lakes Geneva.

A strictly first-class excursion to this beautiful resort Thursday, July 14th, round trip only \$1.00.

Leave Jefferson Jet. on regular O. & N. W. Train at 6:40 a. m. Jefferson 6:44, Fort Atkinson 8:55, Koshkonong 7:00, Milton Jet. 7:14, Janesville 7:30, Shepley 7:50, Clinton Jet. 8:03, Sharon 8:10, Lawrence 8:25, Harvard 8:30. Arrive at Lake Geneva 10:15. Williams Bay 10:30 a. m. Returning leave Williams Bay 5:40 p. m., Lake Geneva 5:50, arriving home on regular train leaving Harvard at 7:05.

## Very Low Rates to Omaha, Neb.

Via the Northwestern Line. Excursion tickets at exceptionally low rate to Omaha and return (affording a visit to the grand Trans-Mississippi and International Exposition, Omaha and the very attractive exhibits of this company) will be sold, account of National Republican League meeting, to be held July 13-15. For dates of sale, apply to agents Chicago & Northwestern Ry.

## "Our customers say you manufacture three of the best remedies on earth," said the mercantile firm of Haas, Harris, Brim &amp; McLean, of Dawson, Ga., in a recent letter to the Chamberlain Medicine Co. This is the universal verdict. Chamberlain's Pain Balm is the finest preparation in the world for rheumatism, neuralgia, lame back, quinsy, sore throat, cuts, bruises, burns, scalds, pains and swellings. A 25 cent bottle of this liniment in the house will save a great deal of suffering. Buy it at People's drug store, East Milwaukee street.

# A PICNIC LIST FOR PICNIC PARTIES

The outing season is here. The rich and poor can enjoy the respite from daily toil, whatever time it may be, under the shade of country trees, along the river bank, or at the lakes. We all have the blessed privilege of using our time off in picnicking for a day or two, or going away for a long outing. Our list of good things for campers and picnickers is the most complete in the city, and is of great variety, embracing everything necessary for the full enjoyment of the out door lunch or the camping outfit. Imported and domestic delicacies of the choicest sort. Not a thing you can think of that is not to be found on our shelves.

### BURNS WILL LEARN A TRADE

Janesville's Bicycle Thief Takes His Departure For Waukesha

Michael Burns, the sixteen year old youth who was sentenced to the state industrial school for boys, was taken to Waukesha at 7 o'clock this morning by Sheriff Acheson. He seemed not in the least concerned over the fact that he would soon be in the state's care, but instead was pleased at the thought that he was going to an institution that would in time make a man out of him by giving him a trade to help him through life. Burns is a bright appearing lad, and if he shows himself worthy there is little doubt but he will again have his liberty before he is of age.

### MUTILATED HIS FINGERS

Painful Accident to an Employee of the Jeffries Planing Mill.

Thomas Luollyn, an employee at the D. K. Jeffries planing mill, accidentally caught his left hand in the large knife on the jointing machine at 3 o'clock this afternoon, which resulted in the amputation of his thumb and one of his forefingers.

The injured man was taken to the office of Dr. James Mills, where he was made as comfortable as possible. Luollyn moved here from Oshkosh two months ago. His family still reside there.

### DIVORCE FOR YOUNG WOMAN.

Charged Her Husband With Being Cruel and a Drunkard

In the circuit court this afternoon Judge John B. Bennett granted a decree of divorce to Mrs. Rosa Dunbar from her husband, Joseph Dunbar, on the grounds of cruel and inhuman treatment and drunkenness.

The interested parties reside in Green county, and have been married twelve years, the plaintiff being but thirty years of age.

They have no children.

### Saturday Night Sale

Our regular weekly clean up sale of perishable fruits and vegetables takes place this evening after 8 o'clock.
